Equipped with an LED light for easy retrieval of belongings in the tote bag.

1. This product comes with an LED light system.

Components of the LED light system: LED strip + lithium battery + switch button.

- a. Lithium battery rated capacity: 180mAh.
- b. Lithium battery voltage rating: 3.7V.
- c. Lithium battery rated energy: 0.66Wh.

2. How it operates:

The LED lights are powered by a rechargeable and reusable battery.

3. Usage:

To activate the light, press the switch button once. Press the switch button again to turn off the light (see Figure 1). By default, the light will automatically turn off after 60 seconds of activation.

4. Charging Information:

- a. The USB-C charging port is located on top of the switch button. The button will glow red while charging (see Figure 2) and turn green when fully charged (see Figure 3).
- b. Charging must be done with a 5V+5% DC power supply.
- c. A full charge takes 80-90 minutes and provides approximately 160 minutes of usage.
- d. Once fully charged, please remove the USB-C cable.

5. Operating Environment:

- a. Temperature range: -10°C – 50°C.
- b. Keep this product away from moisture; do not allow it to get wet.

6. Caution:

- a. For first-time use, please fully charge it.
- b. For daily use, it is recommended to recharge the battery at least once a month.

7. Certification Standards:

This product has met the CE, FCC, ROHS, and UN38.3 certification standards.

Processing of electric and electronic equipment at the end of their service life (applicable in Member States of the European Union and other European countries operating a selective waste collection system). This symbol, affixed to the product or its packaging, indicates that the product must not be processed with household waste. It must be brought to an electric and electronic waste collection point for recycling and disposal. By ensuring the appropriate disposal of this product you also help to prevent potentially negative consequences for the environment and human health. The recycling of materials helps preserve our natural resources. For further information regarding the recycling of this product, please contact your municipality/local waste disposal centre or the store where the product was purchased.
